Graduate Degree Requirements and Research Addendum Changelog

Duke University
Department of Computer Science (CPS)

November 12, 2008

• Changed the timing and procedure for the annual progress review in Graduate Research Addendum.
  – Before: The DGS prepares this material for discussion during an annual progress review meeting of the faculty.
    After: The DGS and the Graduate Curriculum Committee prepare this material for discussion during an annual progress review meeting of the faculty.
  – Before: In a typical year, supporting materials will be due near the end of January, and the faculty will complete the annual progress review in mid-February.
    After: In a typical year, supporting materials from students will be due by the end of the fall semester, and reports from faculty advisors and supervisory committee members will be due within two weeks after the beginning of the spring semester. The faculty will complete the annual progress review by mid-February.

• Corrected a minor typo in Graduate Degree Requirements.
